

CRÉATION BAUMANN | OFFICE

CLASSIC CONTEMPORARY

Raiffeisenbank Lower Rhine Valley,
St. Margrethen, Switzerland

Architects:
Bauengineering.com AG, St. Gallen
Interior architect:
Gähler Architects, St. Gallen

Initial situation:
The existing building no longer met
today's requirements. It was to be indi-
vidualized, made more comfortable and
modern and appear to look larger.

Solution:
What resulted was a light, open,
contemporary bank building that meets
various different customer require-
ments. Panel curtains were used as a
timeless, modern decoration element to
complete the highly successful interior
refinishing.

Product:
Panel curtains in Spider FR
