

CRÉATION BAUMANN | OFFICE

LIGHT DISPLAY

Sparda Bank, Munster, Germany

Architects:
Kresing Architects, Munster

Initial situation:
The modern building housing the headquarters of the Sparda Bank has a round surface glass facade requiring panel curtains to ensure privacy as well as serving as a design element.

Solution:
The design of our product, Network LE, proved to be decisive: Thanks to the irregular, frazzled lines, light plays delicately, lending the fabric - and the entire room - a soft and playful character.

Product:
Network LE

Photos: Sven Otte, Köln
