

CRÉATION BAUMANN | CULTURE

Synagogue, Hannover, Germany

Architects:
ahrens grabenhorst Architects BDA,
Hannover

Initial situation:
Conversion of a Hannover church into
a synagogue.

Solution:
The adhesive textile Gecko was in-
stalled on the upper part of the walls
of the room to serve as a light diffuser.
The light thus allowed to pass through
lends the room a mystic atmosphere.

Product:
Gecko Crypta

«GECKO: THINK FORWARD» com-
petition prize winner in the category
„Functionality“.
