

Zollverein School, Essen, Germany

Production year: 2006

Architect
Kuzuyo Sejima and Ryue Nishizawa,
SANAA, Japan

Initial situation
Japanese reserve determines the mood of this room. Only a small number of supportive elements as well as plain, exposed concrete walls emphasize the architectural focus on the basic essentials. Consequently, the curtains and roller blinds were to fulfill their task of providing glare protection in a discreet manner.

Solution
Our product Shadow met the aesthetic and functional requirements of the architects in an exemplary manner.

Product
Shadow
